3. Check the pack and make sure you have all the parts.
4. Remove all plastic bags and dispose of safely.
5. Retain the instructions for future use.

Assembly:

1. Choose a location where the tree is to be displayed. Take out the tree stand, pull apart the legs of stand so that they are "X" shaped as Fig. 1, place it on a flat surface.
2. Insert the bottom tree section into the tree stand and tighten the 3 screws on the stand.
3. Insert the middle tree section into the bottom tree section and push down into position, as shown Fig. 2.
4. Insert the tree-top into the middle tree section and push down into position, as shown Fig. 2.
5. The branches are hinged on the bottom and middle sections, and will fold down automatically into the predesigned angles, as shown Fig. 3.
6. Finally shape the tree by arranging the tips on the branches to give the desired effect. Some tree styles have "side branches" attached to the main branch stem that require additional shaping as shown Fig. 4. After shaping the complete tree, the finished look should be natural and full.
